"All men have the stars, but they are not the same things for different people. For some, who are travelers, the stars are guides. For others, they are no more than little lights in the sky. For others, who are scholars, they are problems. But all these stars are silent. You, you alone will have the stars as no one else has them . . .

"You feel so lonely if you can't look at the stars. But if you realize that even not seeing them, they are still there, in the same place, you get happy again, because you can see them with your heart . . . It is only with your heart that you can see rightly; what is essential is invisible to the eye . . .

"Go . . . look up at the sky . . . and you will see how everything changes."

"How can you ask if I'm happy going my way?  
You might as well ask a child at play.  
There's no need to discuss or understand me.  
I won't ask of myself to become someone  
else;  
I'll just be me."

# PERIODIC TABLE OF THE ELEMENTS

Table of Radioactive Isotopes

The periodic table shown in the image is a standard layout with elements organized by atomic number. It includes the title 'PERIODIC TABLE OF THE ELEMENTS' and a subtitle 'Table of Radioactive Isotopes'. The table is divided into several groups, with elements labeled by their chemical symbols. The layout is typical of a classroom reference chart.

committees

## student council

This year, Student Council has tried to increase the participation of students in all phases of the school's life. Besides stressing involvement in student government, it has also made an effort to become more involved outside of the school. This has been done through exchanges with other schools and the sponsoring of service projects.

## honor court

Under the Honor System, each student is expected to uphold the rules of the Honor Code. Any violation of this code is brought under the jurisdiction of the Honor Court, a group comprised of six elected members, the Vice-president of Student Council, and a faculty advisor. It is the purpose of this body not only to foster a feeling of mutual trust among the student body, but also to encourage the development of the personal integrity of each student.

## executive committee

The Executive Committee is concerned with communications between the administration, the faculty, and the student body. It consists of representatives from each of these three branches of school life, and in this manner it provides a bridge between them. It functions to effect desired changes in school policies which are presented in written proposals by the representatives.

G.A.A., which stands for Girls' Athletic Association, plans and executes athletic activities for the girls in the Upper School. Intramurals, Spirit Week, and an auction are the work of the G.A.A. committee. This organization tries to encourage good sportsmanship and participation in extramural sports. Awards for this participation are given by the committee at a bonfire at the end of the year.

# Once a prescription was written for "Honest Skin" . . .

That was 29 years ago. And the prescription number was 1,006. The complex formula was designed to treat acne and dermatitis. Today millions use Bonnie Bell Ten-O-Six Lotion as a skin cleanser — swear it's the world's finest — for this is a double-action antiseptic that heals as it cleans. In it are ingredients which clean intensively and immaculately — do away with any or all impurities, plus, normalize oily, dry or half and half skin . . . Ten-O-Six Lotion gives you a face you need never be ashamed of; clean, clear, faultless. The beauty of "Honest Skin". Honest . . .
